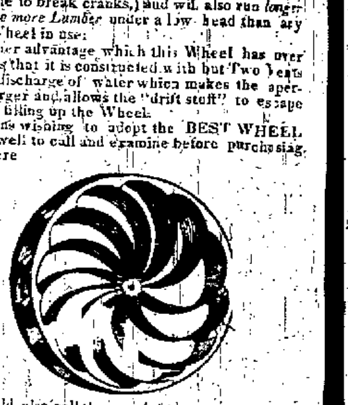
Patent Mill Wheels.

Timbey's Patent
Vent Cast Iron Water Wheels,
—for—
SAW MILLS,
invented by T. R. Timbey of Cato N. Y.

The undersigned would invite the attention of the Public to the above named WHEELS, which have been thoroughly tested in *Competition* with other popular SAW MILL WHEELS at the present time, and they can confidently recommend them, with the same head and quantity of water applied, as possessing and combining more *Power and Speed*, and giving a more *uniform* and steady *Motion* in and out of the cut (and therefore not liable to break cranks,) and will also run *longer* and *cut more Lumber* under a low head than any other Wheel in use.

Another advantage which this Wheel has over others is that it is constructed with but Two Vents for the discharge of water which makes the aperture larger and allows the "drift stuff" to escape without filling up the Wheel.

Persons wishing to adopt the BEST WHEEL would do well to call and examine before purchasing elsewhere.



Would also call the attention of Mill Owners and Operators to

Valentine's Patent
Rising Centrifugal Water Wheel,
—FOR—
UPRIGHT SHAFTS,

WHICH are adapted for driving all kinds of Machinery in Manufacturing establishments, Mills, and are made of different sizes so as to apply to any amount of power required and from the experience these Wheels have acquired by the successful operation of several hundreds of them already now in use, we feel confident in recommending them as combining more advantages than any other Wheel for perpendicular Shafts, now used.

In evidence of the merits of this Wheel we refer to the following extracts from the report of experiments made with the same by ITHAMAR BEARD, Esq., *Civil Engineer,—Lowell*, who is well known as one of the most Scientific and experienced practical Engineers in this country.

"This wheel is formed with curved floats the number depending upon the size and vent of the wheel, each extending so far around the Wheel, that the water arrives at the jet its pressure is expended that it falls very nearly inert from the Wheel. The Wheel is enclosed in a cylindrical wooden curb or flume, in which the water stands at full head, the column being sustained by a stationary plate underneath the Wheel, so that no downward pressure upon the Wheel, which revolves perfectly free in the column of water, by this arrangement all the friction on the step of the bearing of the Wheel is avoided and so much of the power saved which in the ordinary mode of operation is wholly lost.

The Wheel is adapted to low as well as high heads of water and will run as well in back water as in any, providing the head rises in a freshet as fast as the back water. But a Wheel with the jets arranged for a high head will not answer for a low head and vice versa for as the head increases, the area of the jets should be proportionably diminished so that the water may not issue to waste, and produce its best effect on the Wheel.

In point of power, the trials show conclusively that this Wheel is superior to the best constructed Wheels, and it has the advantage of working to good effect in situations where the Breast Wheel would be worthless, is less liable to need repairs, is easily accessible when they are needed, is much less in the outlay, is much more durable, and occupies very much less room in a mill or shop—in simplicity of structure, durability of parts, convenience of application and excellence of power are the principal points of recommendation for this Wheel. ITHAMAR A. BEARD, *Civil Engineer*."

Orders for the above Wheels with all the latest and most IMPROVED patterns of Mill Gearing, Machinery, &c.; Shingle, Clapboard, Sapping, Lath and Box Machines; Steam **Engines and Boilers**, with all kinds of PAPER MACHINERY, made and furnished on the most favorable terms.

M'Alister's
ALL-HEALING
Ointment,

FOR THE CURE OF Colds, coughs, consumptions; for scrofula, scurvy, and all cutaneous eruptions; for bruises, burns, ulcers, sores of all kinds, and general or local debility.

This celebrated Ointment has a most striking effect upon the blood, in cleansing it from all impurities, upon the synovial fluid, which lubricates the joints and thus removes stiffness, soreness & pains; upon the lymphatic ganglia or glands, promoting the free and healthy secretion of the lymphatic fluid, and thus removes swelling of the glands about the neck, the groins, the axilla or under the arm, about the ear and all other parts of the body.

This All-Healing Ointment is equally efficacious in promoting the secretions of the kidneys, relieving from retention of urine; and by restoring the tone and function of the urinary organs, thus preventing incontinence of urine. It is equally efficacious in acting upon the nervous system by curing neuralgia, St. Vitus's dance, palsy, paralyses, numbness or want of feeling or power of motion from some local or general affection of the nervous tissue. It acts with great power on all the fluids and solids of the body, and attacks disease in whatever part located, whether on the surface or internal organs.

We speak the things which we know of the astounding efficacy of this justly celebrated, invaluable and worthily named "ALL-HEALING OINTMENT." The innumerable pains that have been assuaged, the ten thousand sufferers relieved and cured, and the more than ten thousand hearts which have been comforted and cheered by its salubrious efficacy, testifying to the truth of all, and more than all, herein inserted.

Mutual Benefit Life Insurance, COMPANY.

...OFFICE No. 2 GRANITE BLOCK...
EAST MARKET SQUARE - - - BANGOR.

THE affairs of this Company are in the hands of business men favorably known to the community, who have permission to refer to the following gentlemen in Boston:

Hon. J. G. Rogers, | Sam'l A. Appleton, Esq.,
Hon. S. Fairbanks, | Mess. J. E. Thayer & Bro.
Saml G. Shaw, Esq., | Parsons Sawyer & Co.,
and to the following gentlemen in Bangor:
Hon. Edward Kent, | Charles Hayward,
Jabez Crosby, | Robert Bryant,
Gen. S. F. Strickland

This Company offers the following advantages:

1st. When the premium is over fifty dollars annually, but fourth may be paid in cash, and three fourths in a secured note, at twelve months, with six per cent interest, or it may be paid half yearly, quarterly, or monthly.

2d. Parties taking life policies, and paying fifty per cent. of premium in cash, against those taking policies for a short period, and paying sixty per cent. in cash, (if over fifty dollars per annum) may give their individual notes to the balance, if satisfactory to the officers.

Whole number of policies issued in 32 months, to the 1st of January, 1848, 4157.

Whole amount of premiums thereon, $144,274.82.

Dividend of profits, January 1847, 36 per cent.

This Company has now been about 2 1-2 years in operation and it is a gratifying circumstance, that its progress has fully tested the principles adopted for its management, and thus far more than realized the most sanguine expectations of its friends.

The remarkable amount of business, which is without a parallel in the history of Life Insurance, shows that it is gaining in public confidence, and that there is an increased disposition in the community to avail of its beneficent operations.

ROBERT L. PATTERSON, Pres't.

Benj. C. Miller, Sec'y.

Statements of the business, with other papers of the Company, and all necessary information furnished on application to

MADAME DOUPEE,
Female Physician.

RESPECTFULLY informs the Ladies of Boston that she will attend to all cases of Female Diseases.

Madame Doupee is well known in this country as a celebrated Female Physician from Paris. She has practiced in the city of New Orleans for ten years past with unparalleled success.

Madame Doupee attends only to the diseases of females. She is the widow of Dr. Doupee of Paris, and uses the celebrated Pills known as Dr. Doupee's Female Monthly Pills. These Pills have long been in use in Europe and the United States and are well known to be the great remedy for all diseases of the menses, having never been known to fail.

Madame Doupee cautions married ladies not to use these Pills during pregnancy.

Females laboring under various weaknesses peculiar to their sex, may consult Madame Doupee with the utmost confidence, being sure of relief and a positive cure. The strictest secrecy observed in all cases. Price of the Pills $2.00 a box, and a cure warranted in all cases. All communications (post paid) with a fee enclosed, will be promptly attended to.

Madame Doupee may be found at No. 55 Union St., from 9 A M to 8 P M. wly Feb 17

DR. CUMMINGS'S
Compound Extract of Sarsaparilla and Dock

THE articles above named are the principal ingredients of this medicine. With these, others of vegetable origin are combined, designed to render them more active, and consequently more immediately effective.

The Dock, or rather a species of it, now spoken as a medicinal plant, second to no one of the vegetable kingdom. With the aid of a distinguished chemist, whom the proprietor has consulted in the preparation of the compound, he has succeeded in overcoming the difficulty of preserving the extract of the root for any considerable length of time.

For many years the proprietor has tested in his practice the efficacy of the principal substances of the compound, and is perfectly satisfied that they possess all the properties which have been ascribed to them. Recently he conceived the idea of putting them in a form, which has resulted in the production of the compound. In this the ingredients are found to act in harmony and to lose none of the qualities which they separately possess.

A larger portion of Sarsaparilla is soluble than has generally been supposed. The extract may be relied on, and least liable to decomposition, is procured by subjecting the root to the action of menstrua usually employed in extracting [illegible] for a long time, without heat or any other exciting agent. None is permitted to be used in the compound, that has not been obtained by this process and that has been less than a year in preparation.

The Compound is recommended for Scrofulas, Erysipelas, Ulcerous affections, Eruptions, and Mercurial diseases. Also for the numerous maladies arising from sedentary employments, occupations of a harassing and fatiguing nature, intense application, exposures to extremes of heat and cold, overtasking the physical powers, and other abuses of the constitution; among which are Neuralgia, Piles, Affection of the Liver, Bilious Complaints, and Dyspepsia or Indigestion.

In diseases of warm climates, with which the proprietor became familiar in his practice [illegible] years, some years since, the compound will prove particularly efficacious, both as a remedy and a preventative.

This medicine has been for some time in use in this city, where the proprietor has passed nearly half a century of his professional life. It was extensively prescribed by him while in practice, and it is believed to be in favor with his medical brethren in general, to whom he is known.

Prepared only by Dr. Stephen Cummings, and sold at wholesale and retail by Joshua Durgin & Co., No. 143 Middle street, and Edward Mason, No. 5 Middle street—only agents for Portland.

Sold in Bangor by G. W. LADD and JOSEPH S. INGRAHAM.

PARASOLS, PARASOLETTS, SUNshades, and Umbrellas. A splendid assortment rec'd at HEMENWAY & HERSEY'S
a29 20 Main street

Graefenberg Company's Office,
50 Broadway, New York.......*January* 1, 1848.

THE very great increase of the Graefenberg Company's business in New England, has rendered it necessary to reorganize the general Agency there. This is therefore to certify, that the *New England Branch of the Graefenberg Company* is now established at No. 154 Washington st. Boston, and that Mr. EDWIN C. BARNES is duly appointed Secretary of said Branch; and that he is authorized to establish Local Depots, and to grant rights to vend the company's medicines. Every Agent must have a certificate with the seal of the Company thereunto signed by its Secretary, and countersigned by the aforesaid Branch Secretary. No one is authorized to sell the Company's Medicines without such certificate.

EDWIN BARTON, *Secretary*.

GRAEFENBERG MEDICINES.

The undersigned is fully prepared to establish GRAEFENBERG DEPOTS in all places of proper size in New England (except the State of Connecticut and that portion of Vermont west of the Green Mountains) and also in the British Provinces of New Brunswick and Nova Scotia. Immediate application should be made either personally or by letter. As there will ordinarily be but one Depot in a town or village, the Agency will be very valuable.

The leading article to which public attention is invited is the

GRAEFENBERG VEGETABLE PILLS,

of which 30,000 boxes are sold each and every week. The following complaints yield to their power. *Asthma, Bilious Complaints, Catarrh, Costiveness, Dyspepsia, Erysipelas, Imperfect Digestion, Fluor Albus, Green Sickness, Heartburn, Headache, Jaundice, Liver Complaint, Rheumatism*, and various diseases of the Stomach. Costal CHRONIC COMPLAINTS the most implicit confidence may be placed upon them. Price 25 cents a box.

The names of the other Medicines are subjoined.

THE CHILDREN'S PANACEA

For summer complaints dysentery, and other affections of the stomach and bowels it is invaluable. Price 50 cents a bottle.

THE GRAEFENBERG SARSAPARILLA COMPOUND,

Warranted to make two cures superior to any in the world. Price one dollar a bottle.

THE GREEN MOUNTAIN VEGETABLE OINTMENT.

Wherever inflammation exists, this Ointment is a positive and speedy cure. Price 25 and 50 cents a box.

THE GRAEFENBERG EYE LOTION

For disorders of the Eyes this lotion has no equal. For violent inflammation, weakness, or in all cases of instances in the eyes it is an unfailing remedy. Price 25 cents a bottle, with full directions.

The GRAEFENBERG HEALTH BITTERS

Sovereign to build up the enervated system, to restore the appetite and clear the skin. Price 25 cents a package.

THE CONSUMPTIVE'S BALM

This most extraordinary article is infallible, positively, in *Consumption, Bronchitis* and *Bleeding of the Lungs*. It is only sent as ordered, a [illegible] quart. Consumptives may be assured of finding in this article that which will not disappoint their hopes.

The Graefenberg Gazette, published by the Company for gratuitous distribution, may be had on application to any one of their numerous Agents.

EDWIN C. BARNES,
Sec'y N. E. Branch.

DR. UPHAM'S
Vegetable Internal Remedy
FOR THE PILES!

☞ A Cure for Life Secured. ☜

For the cure of Piles, Inflammation of the Liver and Spleen, Inflammation, Soreness and Ulceration of the Stomach, Bowels, Kidneys and Bladder, Inflammatory and Mercurial Rheumatism, Impurity of Blood, Weakness and Inflammation of the Spine and for the relief of Married Ladies.

THE VEGETABLE ELECTUARY invented by Dr. [illegible] Upham, a distinguished Physician of New York, is the only really successful remedy for this dangerous and distressing complaint, the Piles, ever offered to the American public.

Mark this—it is an INTERNAL REMEDY—not an external application, and will cure any case of Piles, either bleeding or blind, internal or external, and probably [illegible] only thing that will. There is no [illegible] about it. It is a positive cure—*speedy and permanent*. It is also a [illegible] excellent medicine to [illegible] the general health in [illegible].

[illegible]

INFLAMMATORY DISEASES

Although the ELECTUARY was originally prepared for the cure of Piles, [illegible]

IMPURITIES OF THE BLOOD

For all impurities of the Blood, arising from the [illegible] use of Mercury, or other causes, for all diseases of the Skin, [illegible] ELECTUARY [illegible].

TO MARRIED LADIES

Married Ladies are almost invariably subject to that painful and injurious disease, the PILES, [illegible] The Electuary is perfectly safe for Pregnant Ladies [illegible] WITHOUT PAIN or IRRITATION, but with a sure and easy cure, [illegible].

CURE FOR LIFE GUARANTEED.

The Doctor, concurs [illegible] A CURE FOR LIFE IS GUARANTEED.

Pamphlets giving valuable information respecting this Medicine can be had of Agents gratis.

W. F. BRADLEE, 130 Washington st. *Boston*, General Agent for the New England States.

French Language.

MONSIEUR LEON, thanking the citizens of Bangor for their liberal patronage heretofore, would respectfully announce that the Second term of the FRENCH INSTITUTE will commence as soon as a sufficient number of pupils shall have entered their names.

His system of teaching is the Ollendorff System, accomplished with exercises in writing the language, a system universally approved and eminently successful. He would also say that he will have reading lectures of Standard Works of the most eminent French Authors for the instruction of his former and future pupils, that of acquiring an opportunity of being more familiarized with the French lessons and of perceiving the power and beauty of the language.

His terms are *Ten Dollars per annum*. Three lessons will be given each week, with rooms at the same time as at the same duration as in the High School, [illegible] call.

Those wishing to join the Institute will please leave their name at his room No. 74 Mulnery, previous to the 20th of May next.

N. B.—Private Lessons given at the usual terms.

Important Letter.

MESSRS. CURTIS & SMITH

Dear Sirs: I deem it my duty to you [illegible] "DR. DOUGLAS'S ELIXIR," which, [illegible]

[illegible]

About this time [illegible] a bottle of my [illegible] W. & Co. [illegible] It immediately relieved her night sweats, and greatly improved the tone of the whole system. After having continued the use of the [illegible] a year she can attend to household duties and go about the house and superintend affairs. [illegible] restoration of health [illegible] With these established facts in my family it is recommended to the public with universal success. Yours truly,

(Signed) SWAIN [illegible]

The above is only one of the numerous and almost certain cures which we are constantly receiving, from all parts of the country, almost daily.

HOWE'S ELIXIR is unquestionably the best article known for the cure of *COUGHS, COLDS and CONSUMPTION*. It is more certain to give relief in all cases of *ASTHMA*—give a perfect cure in that any thing hitherto offered to the public.

In cases of *WHOOPING COUGH* it needs only to be tried to give it preference over all other remedies. It immediately breaks up the cough, and renders a more pleasant [illegible] For the *CROUP* it is a positive cure. We speak with confidence, for it has been fully tested and we believe every one will, when used according to directions.

Pamphlets giving a full description, to be had of agents in almost every town and village in the country, and of the following who are prepared to sell at wholesale or retail:

GEORGE W. LADD,

Vegetable Lithontriptic Mixture!
For the cure of Gravel, Dropsy, &c. &c.
For Sale by A. Emerson,
(Sole Agent for Bangor and vicinity,)
No. 4 Smith's Block.

Case of Inflammatory Rheumatism.

MRS. LOCKMAN, a German lady, residing at No. 231 Pratt street, has been for some time afflicted with inflammatory rheumatism,—about three weeks since she was attacked with a violent fever, which, in conjunction with the rheumatism, had nearly reduced her to the verge of the grave. At this time the Lithontriptic was administered to her in doses of a table spoonful every four hours. She experienced relief within a short time after commencing its use and within two weeks she was entirely cured, and is now in the enjoyment of good health. ELIZABETH LOCKMAN.

NEWSPAPERARCHIVE.COM

that the most conservative minds in the country begin to look to the election of all officers, including Collectors of the Revenue, Post Masters and Judges of our Courts, by the people, as necessary.

There must a relief be found for the perpetually increasing efforts to enlarge the patronage of the government, and the reckless manner of its bestowment, and the disregard paid to the limitations to patronage which the laws in some instances attempt to impose. We say attempt to impose, and we mean by that that selfish and unscrupulous men in office do in some instances entirely disregard and set at naught the plainest provisions of law, when such provisions interfere with their selfish and partizan desires respecting the much coveted power of patronage. We have an instance of this kind in our city, in the case of the Post Master.

The law requires that the Post Master advertise the list of letters in the paper having the largest circulation within the delivery of the office, that is, within the city, and in case of dispute as to which paper has the largest circulation, he shall make an investigation. But in defiance in open violation of this law, the Post Master here advertises the list of letters in the Democrat, a paper which has a circulation in the city by hundreds and hundreds less than this paper. We claim the right to the advertising of the list of letters under the law, because our paper has a larger circulation than any other paper in the city. We disputed the right of the Post master to advertise the list of letters in the Democrat, and we demanded of him to make an investigation. But he supposes that we shall not proceed so far in the matter as to prosecute him for damages. He knows that his partizans will sustain him in applying patronage, however obtained, for partizan purposes, and he is too much in love with the spoils to comply with the requisitions of the law which would give the advertising to any but his party paper.

This case of clutching at patronage, though a very small and mean one, and in direct violation of law, illustrates the general course of the patronage of the government. The whole matter is corrupting and a remedy it will require the best efforts of the wisest and strongest men in our country.

☞ *Mr. Strohm* one of those honest, straightforward Pennsylvania Dutchmen, whose facts can always be relied upon, is a member of Congress, and has been scrutinizing the annual report of the Secretary of the Treasury and made a report upon the errors, blunders and misstatements which he there found. The loco leaders in the House were put into a hot fever and frost bit off to the Treasury Department for facts, corrections, or something, to do away with the effect which the report would produce. They begged of the House to grant them time to explain! At the last accounts all hands at the Treasury Department were figuring upon the subject. The cool Dutchman is ready to meet them.

☞ Moses Woodard, Esq., for several years past the highly popular Landlord of the Bangor House, has removed to the city of Portland, taken the United States Hotel, the largest in the city and put it in first rate repair, with much new furniture and other matters to make it just right, and is now prepared for the entertainment of company. The Portland Umpire speaks in high terms of the improvements which Mr W. has introduced into the hotel and its management, and it is quite unnecessary for us to say to eastern travellers that they will find Mr W. one of the best landlords in the country, attentive without officiousness, and quiet without indifference, for all this they must long since have learned by observation or from the reputation which Mr. W. has justly acquired.

☞ There are two subjects associated with our earliest recollections of legislative proceedings and which then particularly troubled us with their strange mysteries and which have not yet ceased to do so. These subjects are the petitions and bills for increasing the salaries of Judges and Registers of Probate, and the protection of the Fisheries.

The present Legislature, like all its predecessors is engaged upon these two subjects. The Judges of Probate in the several counties, are occupied from half a day to two days a month, and for the immense consumption of six days in a year an increase of salary is prayed for every few years. Verily this is a great country and high titled officers should have large pay for small service.

☞ Messrs. Greeley & McElrath, of New York, have just issued the eighth and last number of their excellent edition of Ewbank's Hydraulics and Mechanics. It is a work of great merit and should be widely circulated and attentively read, particularly by mechanics and those interested in the construction and in the history of machines.

☞ Messrs. Geo. R Smith & Co have received the seventh number of the second volume of the Daguerreotype. It is an interesting and valuable number giving a clear view of the political state of the Continent.

☞ Troops are still embarking for Mexico, notwithstanding the positive information now received that the treaty is ratified. The ship Atlas, of Boston, which cleared at New York on Saturday for Vera Cruz, has on board several companies of troops for that place.

☞ The Circuit Court of the city of N York have decided that a person has a right to advertise his accounts for sale. This should be a warning to delinquent subscribers.

☞ Thanks to Jerome & Co's Express for papers received yesterday, in advance of the mail.

Lots of rain have come to town within the two days past. Rain is the reigning fashion this season.

pondent at Macon, the vote was taken on the 17th.

The following extract, from an editorial article in the N O. Picayune of May 18, throws cold water on the hopes excited by the report of Lieut Conte and by the Macon telegraphic despatch:

It was understood by the American legation that the treaty would be put in the Senate on Wednesday, the 17th inst. In that body its ratification was sure. It would then be taken to the House, where it was arranged to be definitely disposed of on the 24th. Our Queretaro correspondent brings down the proceedings of Congress to the conclusion of the session of the 16th. The report of the proceedings of that day is an awful squeezing towards a violent dissolution of the House of Deputies. We are determined to believe that the issue will depend upon the power of the Government to keep together, constantly, a body composed of disaffected, refractory and selfish members.

If we had only the report of Lieut Conte and the telegraphic despatch to rely on, it might be feared that the ratification spoken of was only that by the Senate, which was to vote on the 17th; but the main source of hope is the telegraphic despatch from Charleston, given by us on Saturday which announced the arrival of the Edith at New Orleans; and we have elsewhere learned that the Edith was only waiting the news of the ratification to set off from Vera Cruz.—[Washington Union, 4th.

Attack upon the Mormons.

The steamer Missouri arrived here yesterday morning from Missouri river. We are indebted to the officers for a St Joseph Gazette of Tuesday last. Mr Shrader passed through that town on the previous day, on his way from Fort Kearney, with information that an express had just reached there from the Mormon colony, bringing intelligence that the Indians had murdered a number of the men, women, and children at the city of Salt Lake. No cause was assigned for this outbreak.

The express had been sent in for the purpose of getting assistance from Government, as it was feared that the Indians would gather in still larger numbers, and murder all the emigrants at that place. It would seem, from the intelligence from Oregon and the city of the Salt Lake, that the Indians have determined upon a regular war upon the whites, though widely separated from each other; and there is not much reason to apprehend that many of them will be out before and can reach there.

We learn from the officers of the Missouri that six hundred wagons, containing Mormon emigrants, were to be at Camp Israel, sixty five miles above the Council Bluffs, on the 1st of the present month, for the Great Salt Lake. But after the events mentioned in the preceding part of this article, we think it doubtful whether they will move forward yet for some portion of protection from the Government.

It is said that two thousand Pawnees had come into Bellevieu for the purpose of obtaining provisions, of which they were in great want.

St. Louis Rep., May 29.

CONGRESS.

Washington, June 3.

In the House—Mr Vinton of Ohio, moved that the House resolve itself into a committee of the Whole on the State of the Union, which was agreed to. Mr. Rockwell of Conn, in the chair.

The Navy Appropriation bill was then taken up, when

Mr Brodhead of Penn obtained the floor, and made a democratic speech, in the course of which he repudiated the Wilmot Proviso and said the Whigs would have to do the dirty work, if they run a man who takes no ground on the subject, but who is himself a practical slave-holder. After he had concluded,

Mr Brown of Miss, followed in a political speech.

Mr —— proposed an amendment in favor of appropriating $5,000 for astronomical observations, whereupon an amusing discussion grew up between Mr Stanton of Tenn, Mr Evans of Md, and Mr Clelland of Md.

Mr Evan's speech was a brilliant affair, while that of Mr Holmes of S C, was distinguished for a high order of eloquence. Without arriving at any final action, the Committee rose and reported progress. The House adjourned.

A new Carriage.

The Worcester Telegraph describes a new two wheeled carriage called a "Worcester," recently invented and patented by Mr. Isaac Woodcock of Worcester:

The advantages which it possesses over a common built carriage, consists in the compact combination of a chaise or buggy body, with an axle gear of shafts, and half elliptic springs, so arranged that the entire weight of the body and its load is suspended to the axle, instead of resting upon or fatiguing the horse; and so also that the motion of the body of the vehicle is kept perfectly steady, and is prevented from violent jerks or irritations, however rough or uneven the road may be. It is also constructed so as to pass the weight under the axle, instead of over, as in the old way. In balance on level ground, bears upon the horse in ascending, and relieves him of the weight in descending a hill.

Eating and Drinking on Board the Transatlantic Steamers.

The Glasgow Herald gives some curious particulars of the rations and drinkables supplied for the consumption of the passengers on board Cunard & Co's American Steamers.—Each Ship on her outward trip is supplied with 50 tierces of port wine, 100 dozen of sherry, 100 dozen of champagne, 50 pipes of Madeira, 50 dozen of rock, 200 dozen of aerated water and lemonade, 300 tons of Scotch ale and 200 do in bottles. Porter besides spirits of all kinds. There are also ample stores of ice and an abundant supply of fresh water.

Each Ship is victualled for twenty-one days, and carries at least 4000 lbs of beef, mutton and pork, fresh and pickled; fowls. Then there are 19 head of cattle, 6 dozen of geese, 4 dozen of ducks, 4 dozen of turkeys, 6 dozen of pigeons, and 1 dozen of roasting pigs, besides ample stores of potatoes, calves' head &c. Milk is furnished by the cow, though each ship also carries a supply of 50 gallons, which is packed in ice, and kept fresh and sweet till the end of the passage. The latter is about 200 loaves per week, and the confectionary is never idle.

Breakfast begins at half past eight o'clock and lunch is removed at ten. There is then a wine and dinner at four. Tea is served at seven, and then follows drinks, wine, punch, toddy, gin sling, &c — but in fine weather most of them—till half past eleven, when the steward's bar is closed, and the lights are out by twelve. Such is life on board a transatlantic steamer, and in the Samaria it is said to be becoming quite common for parties to make a pleasure trip to America, in the fashion that people go up the Rhine. There have even been occasions in which young married people have spent their honey moon in a trip to Halifax, a flying visit to Niagara and New York and a return voyage to England, and all in six weeks.

Gen Scott is reported to have said, that but for the West Point officers he could not have marched into the city of Mexico even by multiplying the number of his army by four.

In that calm-band uniform.

"Mind, boy, there ain't no men here to-day; I am Captain Bigman now."

"Show! you don't say so! go it Captain, you are bound to be a Big-man, a'ready."

All letters have a bending tendency or effect, Madam, says the Doctor to a lady. "You will excuse a bitter cold morning, won't you, doctor," replied the madam.

The tailors have discovered that wide pantaloons were invented by bow-legged and bandy-legged comparators and should be excluded from the world of fashion.

Every wooden leg which supplies the loss of a limb lost in battle, is a stump speech against all war.

Letters from Philadelphia state that the tone of the Delegates already arrived there, render Gen Taylor's nomination almost a certainty.

A New Orleans paper advertises the sale of one "undivided half of a negro."

Wool has fallen in Europe to a point lower than it has been for many years.

Gen Scott has been invited to partake of the hospitalities of Richmond.

Upon a Man.

do not see his shabby dress,
I see him in his manliness;
I see his face, I see his spade,
I see a man that God has made;
If such a man before you stand,
Give him your hand—
And praise your Maker for such men:
They make this old earth young again.

For the Whig and Courier.

RISE EARLY.

Rise early with the sun if not before
And view the wide domain of nature, when
The sun shines forth resplendent from the sky
And tints each hill and tree with golden hues
And the broad heaven above like drapery,
Seems just lifted from the earth, revealing
At once the mighty scene, his field of forms.

Rise early, yes and breath the morning air,
The air which God has given to be breathed—
Not that foul air that in the chamber close
Preys on your lungs and brings a sluggish look,—
But like the morning sun arise and go
Ye forth into the fields; look on nature,
And hear from nature up to nature's God;
The God who made the soil the mind for thee.

Yes! rise early! for when at last this life
Lengthened by the free use of morning air
And early toil, that follows in its train
Is ready to depart, leaving this home
To moulder where morning never shines nor, nor
Where the light of mornings can illumes,
May we, without a murmur, or a sigh
Look back upon a life well spent, and say
That we have lived as we should live, enjoyed
Good health, sound minds and the free morning air.

READ IT! IT SPEAKS FOR ITSELF, AND COMMENDS ABE UNNECESSARY.

Philadelphia, May 20th, 1845.

Dr Jayne—Dear Sir,—I feel bound to be the affected to give publicity to those extraordinary effects of your valuable medicine.

I have suffered for several years past with Liver Complaint, and the train of diseases which follow—a complete prostration of the system—so that it was to a great degree by I could walk, or put clothes on myself. To add to my misery, I occasionally at times was troubled to a great degree with a pain in my chest, which continued so long and so severe, that I thought every moment would be my last. I could not raise my arm to my head. In the hottest weather my feet and hands would ache with the cold, and perspiration had almost ceased. I now became afflicted with a dry hurrassing cough, and gave up all hopes of ever getting well. I had night sweats, and got little or no sleep, with frightful dreams and unpleasant recollections. I scanned the boasting promises of "INFALLIBLE" cures, and was disgusted at such unwarrantable assertions. I could not read a single paragraph in a newspaper without a sigh of indignity. I had great aversion to my stomach, which caused me to vomit so much that I was unable to sit down of even recline, but had to be propped up in a chair.

I had the advice of some eminent physicians, and tried nearly all the remedies used in such cases but continued to grow worse, and it appeared as though a speedy death was the only relief.

I now heard of your medicine, and determined to try your SARSATIVE PILLS, and to my surprise the soreness left me, so that I could walk about the house. I continued to improve from that time. Shortly after my wife called on your agent, and obtained a bottle of your Alterative—after taking which and the Pills for three weeks, there was a decide change for the better, so that when I called upon you, you said that I would get well, and that your ALTERATIVE would cure me effectually. With no hopes however of ever being well, I still continued taking your Alterative until I had taken the fourth bottle, when there was a sudden change in my whole system, as though I had got rid of some great burthen, and I could draw my breath as usual. My nerves gradually became strong, and my appetite returned.

It has been about four months since I commenced taking your Medicines, and at this time nearly every vestige of disease is eradicated from my system. I am as active, and nearly as strong, as at any period of my life. I have now gained nine pounds in two months.

I have good reason to believe that the use of your valuable medicine, by the blessing of God, has saved me from a premature grave. JOSEPH BARBER,

Pastor, between 7th and 8th Sts., Phila.

The above medicines are prepared only by Dr D Jayne, Philadelphia, and sold on agency by S. W LADD and JOS. H. INGRAHAM, Bangor.

For sale in Oldtown, by H & J Y R CHANDLER.
jn5 Rawdaw

A CERTIFICATE from Mr Ingerson, of Lancaster, N H, a highly respectable citizen of that place, and justice of the county of Coos.

I, George W Ingerson, of Lancaster, hereby certify that I have been troubled with the Asthma for about twenty years. Last November, when I began taking Wistar's Balsam of Wild Cherry, I had been unable to do any thing for several months and had not, except a very few nights been able to rest in my bed. Almost as soon as I began to take it, I felt relieved. I have taken about two bottles. My health is altogether improved. A few returns of the Asthma which I have had in that time, were almost immediately removed by taking the Balsam. I rest well, and sup sweetly, and have been for months better than at any time previous for many years. I cheerfully recommend this medicine to all who are similarly afflicted.

GEO. W INGERSON.

Lancaster, N. H., April 26, 1844.

None genuine unless signed I. BUTTS on the wrapper.

For sale wholesale and retail by GEO. W. LADD, Bangor. Said agency dismissed general agencies throughout the State.

Chloroform Toothache Drops.

Dr well known as "CHLOROFORM" has superseded (in a great measure) the use of Ether, as an allayer of pain, and is now used by the best Surgeons and Dentists in preference. A celebrated Chemist and one of the first manufacturers of Chloroform has discovered that "Chloroform" with other simple ingredients, will instantly cure the TOOTHACHE. After visiting it in many cases it has never failed to give relief; there is no possible danger to using it, as it will not injure the toothor gum in particular. All that is necessary in using these Drops, is to saturate well a bit of cotton, lint, and place it in the cavity of the tooth. Relief will be immediate.

Some genuine without the signature of "Isaac S Peer" on the wrapper. Sold at No. 107 Fremont Row, Boston.

For sale in Bangor by G. W. LADD. dawly jn5

Meet at the CITY HALL every MONDAY EVENING.

MARRIED

In this city, June 4th, by J. S. Heywood, Mr John Richardson, of Otisfield, to Miss Lucinda Stevens, of this city.

NOTICE

I HEREBY constitute a copartnership under the name and firm of JAMES L. BEAN, an industrial association on my account as shall pay no debts of his contracting after this date. I also caution all persons not to trust my said Lessee, as I shall object to all his contracting after this notice.

E. W. CLARK.

Bangor, June 6, 1848. 3t

Find no echo yet in thy faithful breast?
Orang, with thine earthly love, die!

The hopes that pillowed thy fair young head
Bent high with emotions of grief;
Dost thou bend thee before the burning flame,
That her spirit may drink relief?

We know that thy joys are immortal now
That thou wandrest the seraph song;
That the gushing heart, of tenderness full
Embraces the angel throng.

But think cannot not forget the fervent lay
That charmed thy young being while here;
Thou hast maintains still an inward bath
From thy now sinless sphere.—Com

GUARDIAN SALE.

BY LICENSE from the Judge of Probate for the County of Penobscot, the undersigned, Guardian of Lucy A. Eaton and Clarinda D. Eaton, minor heirs of Luther Eaton, late of Eddington, hereby offers at Private Sale the following described Real Estate, belonging to said minor heirs, to wit

100 acres in Eddington, Lot No 1 in the 3d Division.

100 acres in Eddington, Lot No. 4 in the 3d Division, in two parcels, called the Wing Spooner lot.

50 acres in Brewer, being the southerly half of the Turner Lot, so called.

Also, two undivided fifth parts of the following described real estate, a title to the whole of which can be had on the same terms, to wit:

Of 200 acres in Brewer, lot No. 6 on E. Deloe's plan.

67 acres in Brewer, called the Cook lot.

12 acres in Brewer, being that part of No. 1, in the first division, occupied by Sam'l Orcutt, and lying N E of county road.

177¼ acres in Bradley, being the Bracket Boom on Nichol's Stream, containing a valuable water privilege. This meadow, in some parts is covered with cranberries, which can be cultivated very easily to great advantage.

For terms and further particulars apply to the subscriber, at his office, in Bangor.

FARMING AND WOOD LAND,

FOR SALE.

ONE HUNDRED and forty or fifty acres of good LAND about two miles East of Broadway, in Bangor, on the new County Road to Orono, and in sight of Coombs' Mills. The great increasing demand for wood in this city makes a greater object for farming, as the hauling of the wood prepares the land for cultivation.

The land will be sold in quantities to suit purchasers. A few years will enable those who secure even small lots of land so near, how to appreciate the advantages.

Terms may be known by calling at the office.

Pushaw House.

Summer Arrangements.

THIS *Fashionable Hotel*, on the border of the Pushaw Lake, eight miles from Bangor, is now open for the reception of Company.

Parties of Pleasure, Visitors and Boarders.

It is provided with excellent Boats, well furnished with all the necessary tackle for fishing—also Boats for pleasure sailing. This department of the Hotel is, as usual, under the management of Capt. E. T. BURGESS, whose experience, and skill can be fully relied upon.

Visitors may be sure of finding good fare, attractive tables, and every desirable attention. In short, the proprietor intends that nothing shall be lacking to make a visit at this Hotel one of the most delightful which can be imagined; and those who wish to uncoil the cares and perplexities of the weary every day world, will do well to avail themselves of a visit.

This house is mainly designed to accommodate pleasure parties from the city, and large parties may be sure of receiving the most gratifying attentions, and of having Dinners prepared at short notice and the luxury of the Lake trout and pickerel—and of spending the day in a variety of amusements and exciting sports, where their comfort will be promoted, their spirits invigorated and their health improved.

☞ Two good Bowling Alleys have been added to the establishment this Spring.

HASKINS'
PENOBSCOT CHEAP CASH
STOVE STORE.

JUST RECEIVED a *NEW SUPPLY*, direct from the Factory, of the

Washington Air-tight Cooking
STOVES.

Extract from the Report of the Committee of Mechanics' Inst., New York, 1847—"The Washington Air-tight Summer and Winter Cooking Stoves. These Stoves have been recently very much improved. They were, by far, the neatest exhibited. They combine beauty and utility in a high degree, and are without one of the very best and most convenient of the many excellent Stoves for which Troy is celebrated. These Stoves have acquired a high reputation as an oven baker, and for their many great conveniences." These Stoves I have been so fortunate as to secure, and am now selling off fast, to those who wish to procure the best and most economical Stove out. One half the usual expense of fuel can be saved by using these Stoves. References can be given in great numbers. Also a great variety of other Stoves—and Sheet Iron, Copper Zinc, Lead and Tin work to all kinds made to order by neat and experienced workmen. Enumerated Sauce Pans—Japanned Ware.

My prices, in many instances, have proved satisfactory and my expectation is that they will in many thousands more.

TO THE AFFLICTED

DR DOUGLASS respectfully informs the citizens of Boston that he may be consulted as to all diseases incident to the human frame at his office

No 55 Union Street.

Dr D has been in extensive practice in all parts of the United States, and has now in his possession the best of evidence to show that he is a regular M D. He has been upwards of 40 years in practice. The diseased of [illegible] will receive the Dr's particular attention. He will tell all the diseases from an examination of the eye, this is an advantage that Dr D has above all other practitioners, and which will necessarily do away the necessity [illegible] lengthy and unpleasant explanation on the part of the patient of the disease with which they are afflicted. The age and length of time the patient has been suffering, is all the Dr will require to give them a most thorough knowledge of their complaint and whether or not a cure can be effected.

Dr D has been very successful in the treatment of Colds, Coughs, Consumption, and Liver Complaints, all Pulmonary diseases, Scrofula, Rheumatism, Piles, Dysentery, all diseases of the Eye and Ear, diseases of the Blood, Palpitation of the Heart, from Salt Rheum, Cancers, cutaneous diseases and all affections of the Kidneys and Bladder, [illegible] Hernia, Abdominal Weakness, Tooth ache, Intemperance, Stammering, Dr D warrants a cure of any of the above diseases if applied to in season.

He would also respectfully inform the [illegible] he will attend to their diseases and complaints from 8 to 12 A M and from 2 to 9 P M. A full and general assortment of medicines are kept constantly on hand. Printed directions accompany each bottle or package.

All Communications (post paid), with a fee enclosed will be strictly attended to.

Remember the number—55 Union Street

OPINIONS OF PHYSICIANS

Dr Townsend is almost daily receiving orders from Physicians in different parts of the Union.

This is to certify that we, the undersigned, Physicians of the City of Albany, have in numerous cases prescribed Dr Townsend's Sarsaparilla and believe it to be one of the most valuable preparations of the Sarsaparilla in the market.

H P PULING, M D,

Albany, April 1 1846

UNITED STATES OFFICER.

Capt. G W McLean, of the U S Marine Corps and member of the New Jersey Legislature, has kindly sent us the following certificate. [illegible]

Rahway, Jan 25, 1847

A year since I was taken with the influenza, and my whole system left in a debilitated state. I was induced to try Dr Townsend's Sarsaparilla, and after taking two or three bottles, I was very much relieved [illegible] I believe that it saved my life, and would not be without it under any consideration.

Patent Mill Wheels.

Tumbey's Patent

Two Vent Cast Iron Water Wheels,

—for—

SAW MILLS,

Invented by T R. Timbey of Cato N. Y.

THE undersigned would invite the attention of the Public to the above named WHEELS, which have been thoroughly tested in [illegible] with all other [illegible]

SAW MILL WHEELS

Because at the present time, and they can confidently recommend them with the same head and quantity of water [illegible] possessing and combining great strength and Speed, and giving a more uniform and steady Motion [illegible] out of the cut (and therefore not liable to break cranks) and will also run longer and Saw more Lumber under a low head than any other Wheel in use.

Another advantage which this Wheel has over others is that it is constructed with but two Vents for the discharge of water which makes the aperture larger and allows the "drift stuff" to escape without filling up the Wheel.

Persons wishing to adopt the BEST WHEEL will do well to call and examine before purchasing elsewhere.

We would also call the attention of Mill Owners and Operators to

Valentine's Patent

Reversing Centrifugal Water Wheel,

—FOR—

"UPRIGHT SHAFTS."

WHICH are adapted for driving all kinds of Machinery in Manufacturing establishments or Mills and are made of different sizes so as to give any amount of power required and from the reputation the Wheels have acquired by the successful operation of several hundred of them already sold and in use, we feel confident in recommending them as combining more advantages than any other Wheel for perpendicular Shafts now in use.

As evidence of the merits of this Wheel we would refer to the following extracts from the report of experiments made with the same by JAMES B FRANCIS, Esq Civil Engineer, Lowell, Mass who is well known as one of the most Scientific and experienced practical Engineers in this country.

"This wheel is formed with curved floats, the number depending upon the size and vent of the Wheel, each extending so far around the Wheel, that when the water arrives at the jet its pressure is so far expended that it flies very nearly vertical from the Wheel. The Wheel is enclosed in a cylindrical wooden curb or flume in which the water stands at its full head, the column being sustained by the stationary plate underneath the Wheel, so that it has no downward pressure upon the Wheel, which stands perfectly free in the column of water and by this arrangement all the friction on the step and bearing of the Wheel is avoided and so much of the power saved, which in the ordinary mode of operation is wholly lost.

This Wheel is adapted to low as well as high heads of water and will run as well in back water as out of it providing the head rises in a free [illegible] fast as the back water. But a Wheel with the [illegible] rightly guaged for a high head will not answer a low one and vice versa for as the head increases the width of the jets should be proportionably decreased so that the water may not issue in waste and not give its best effect to the Wheel.

"In point of power the trials show conclusively that this Wheel is superior to the best constructed Breast Wheels and it has the advantage of working with good effect in situations where the Breast Wheel would be worthless as less liable to need repairs, easily accessible when they are needed. Costs much less in the outlay, is much more durable and takes very much less room in a mill or shop. Simplicity of structure, durability of parts, convenience of application and excellence of power are the grand points of recommendation of this Wheel."

JAMES B FRANCIS, Civil Engineer

[illegible] All sizes of the above Wheels with all the LATEST and most IMPROVED patterns of

Mill Gearing, Machinery, &c., Shingle, Clapboard, Sapping, Lath and Box Machines,

Steam Engines and Boilers,

with all kinds of

PAPER MACHINERY,

manufactured and furnished on the most favorable terms.
